Jaime Redgewell, Senior Art Director, **Mind+Matter**

LINKEDIN - CASE STUDY

11.50 Achieve Tangible LinkedIn Success

- Through an exclusive example of engaging HCPs, how can pharma organisations reap the rewards from an innovative LinkedIn strategy?

Robert Grimm, Digital Marketing & Transformation Manager, **Novo Nordisk**

ENGAGING PATIENTS

12.15 Patient-Centric, Compliant & Insight-Led Social Media Strategies Which Inform & Support Patients To Boost Engagement & Generate Winning Interaction

- The underlying issue: how can you best identify your patients' needs and expectations to maximise engagement and show that their needs are the priority?
- Demonstrate to patient advocacy groups and regulators the real patient value-adding proposition that you can bring to increase collaboration and maximise patient engagement
- Two-way engagement: explore next-level opportunities to engage patients and demystify science by separating the fact from the fiction

Pharma Social Media Conference

Hilton Kensington, 179-199 Holland Park Ave, London W11 4UL

- When social media offers real-time public engagement, the opportunities to make or break reputation are massive! How can we ensure patients seeking truth and support receive unbiased information and their treatment is not impacted by the perception of the industry
- Empower patients to find forums, camaraderie and amplify their voice around their condition online and on social media

Rita Reis, Head of Communications Mid Europe & Portugal | Group Communications | Healthcare, **Merck**

Leveraging the Power of Social Media & Market Insights

12.40

With so many people active online, there is a wealth of data available to better inform marketing decisions and brand positioning. With social listening, trend analysis, and social forum tools readily available, there's no need to base marketing decisions on best guesses. In this talk, Sammy will be discussing the various tools available, as well as how to interpret that data to build a strong marketing foundation for your business. This talk will also focus on how to monitor and maintain social media marketing, as well as realign strategies in response to tangible results, trends and market insights.

Sammy-Jo Wilsher, Senior Digital Marketing Manager, **Blue Frontier**

Lunch & Informal Networking For Delegates, Speakers & Partners

12.55

Afternoon Co-Chairs' Opening Remarks

13.55 Andrada Tugui, Senior Omnichannel SPOC Benelux, **Johnson & Johnson**

ABPI INSIGHTS

14.05 Industry Social & Digital Campaign To Help Tackle The Antibiotic Resistance

- As anti-microbial resistance becomes an ever-increasing global threat, the ABPI decided to shine a spotlight on it as part of a social media and digital campaign
- The campaign aims to increase awareness of AMR – and the solutions to solving it - among those it affects – patients and the public in order to drive political movement
- For the first time, the campaign sees the ABPI working alongside patient groups, charities, political stakeholders and healthcare professionals on a digital campaign

Elaine Towell, Director Media & Communications, **Association of the British Pharmaceutical Industry (ABPI)**

EMERGING DIGITAL TRENDS & TECHNOLOGIES - PANEL DISCUSSION & Q&A

14.30 Stay Ahead Of The Curve With Forward-Thinking Tech & Hot Digital Trends To Compliantly Maximise Social Media Engagement
